USCA is located in a facility that was designed to promote learning and practice of professional skills, in Springfield's very busy west side, near Veterans Parkway and Wabash Avenue. Our students have the advantage of spacious, professionally designed clinic areas and quiet classrooms, with the latest equipment for all areas of study.

The student equipment and textbooks are up-to-date, and provide the student with everything they will need for their course of study. The usual class size averages 22 students per teacher. Free parking is provided for students and clients.

USCA is equipped with surveillance equipment to protect the personal property belonging to USCA. It is not a monitoring device for a student’s personal property. Requests to review video tapes will be honored to aid in police investigations or a required court subpoena.

USCA is accredited by the National Accrediting Commission of Career Arts and Sciences (NACCAS), a nationally recognized agency for private cosmetology schools. NACCAS is located at 3015 Colvin St., Alexandria VA 22314 (phone 703.600.7600).

USCA is approved by the Department of Education for participation in federal Title IV student financial aid programs, including Pell Grant and Federal Direct Loans.

USCA is licensed by the Illinois Department of Professional Regulation to operate as a cosmetology school offering cosmetology, classic barbering, esthiology and nail education. This license was first issued in 1931 and was transferred to the present owners in 1978. The Illinois Dept. of Professional Regulation is located at 320 W. Washington, Springfield, IL 62786 (phone 217.785.0820) and also in Chicago.

USCA is a member of the Illinois Association of Cosmetology Schools (IACS), the American Association of Cosmetology Schools (AACS), the International Chain Salon Association (ICSA) and the Greater Springfield Chamber of Commerce.

Are you ready to begin? If you are interested in enrolling or in visiting the school before you make your decision, you should call and arrange a visit. An interview with the school’s admissions and financial aid counselor is recommended. You can submit your enrollment application through our website, www.uscart.com. You will be contacted so a visit can be arranged.

Student activities include social events, charity fundraisers, community involvement, field trips and guest artists. USCA celebrates Constitution Day on or near September 17 of each year. For more information visit constitutionday.com.
The school's programs are open to graduates of high school or holders of a GED or completers of homeschooling at the secondary level as defined by state law and can provide a secondary school completion credential. The school does not accept Ability to Benefit students at this time. All foreign high school diplomas must be translated, by a third party servicer, and verified that the diploma is the academic equivalent to a US high school diploma. Transfer students must also meet these requirements. Cosmetology and Classic Barbering are the only programs in which transfer hours are accepted. In order to have transfer hours considered for the Cosmetology or Classic Barbering program, an applicant for enrollment must have a completed official transcript of hours and grades from their previous school(s). Acceptance of Cosmetology or Classic Barbering transfer hours are made on an individual basis, and transfer hours, if accepted are limited to 600 clock hours for Cosmetology and 500 clock hours for Classic Barbering. However, a licensed Cosmetologist may transfer in 1,000 clock hours for the Classic Barbering program; a licensed Barber may transfer in 1,000 clock hours for the Cosmetology program; a licensed Nail technician may transfer 55 clock hours for the Cosmetology program and a licensed Esthetician may transfer 85 clock hours for the Cosmetology program. Admission requirements for the Teacher Training courses are the same as for other USCA programs, except a valid Illinois license in your original area of licensure is required. For transfer students into the Teacher Training programs, no credit for hours is given. Any student, who wishes to return after withdrawal from classes, should begin by contacting the Director of Admissions & Financial Aid to request re-admission. This applies to all courses. Re-admission of students who have dropped will be on a space available basis, with priority given to new students rather than returning students. Re-admittance for withdrawn students from the University of Spa & Cosmetology Arts will require the completion of a new enrollment application, the signing of a new enrollment agreement and a personal interview with the Director of Admissions & Financial Aid.

EQUAL opportunity STATEMENT

USCA does not discriminate on the basis of color, race, creed, age, religion, sex, or ethnic origin in any admissions, grading, placement, or hiring practice. USCA does not recruit students currently attending or admitted to another school offering a similar program of study.

FINANCIAL aid

THE APPLICATION PROCESS

Financial aid is available for those who qualify. Eligibility for federal financial aid depends on many things, including income, family size, and cost of education. Since no two students have exactly the same situation, we encourage you to call or visit with any questions you have, and to let us assist you in preparing your FAFSA (Free Application For Federal Student Aid). All information given for financial aid is confidential. You will be asked to provide two-year’s prior tax return, for yourself (if you are independent), yourself & spouse (if married), or yourself & parents (if you are a dependent student).

The financial aid office is open weekdays from 8:30 am to 4:00 pm, and at other times by appointment. The Director of Financial Aid is Amy Pruitt (phone 217.753.8990).
**PELL grants**

Based on financial need and cost of education, the Pell Grant is an award used for educational purposes, and is not repaid if the student completes their program.

---

**SCHOLARSHIPS**

USCA offers an Ace Grant Scholarship toward tuition for any student who enrolls on the recommendation of a USCA student or licensed beauty professional. The scholarship is conditional upon successful graduation from USCA, and is applied to the student’s final balance of tuition, and is only available for the cosmetology program (up to $600), the esthiology program (up to $400), and the nail technology program (up to $200), and the classic barbering program (up to $500). The student is required to have their sponsor complete an Ace Grant evaluation form which is available at the Admissions Office.

**STUDENT loans**

**Direct Subsidized Loans** are loans made to undergraduate students for educational purposes, up to a limit of $3,500 for first year students and $4,500 for second year students, and are subject to the student’s eligibility. Interest is paid by the government while the student is enrolled at least halftime; payments begin six months after the student graduates or stops attending at least half-time.

**Direct Unsubsidized Loans** are loans made to students for educational purposes. Interest is an expense to the student, but payment of interest may be deferred until the student leaves school. Payments begin six months after the student graduates or stops attending at least half-time.

**PLUS Loans (Parent Loans to Undergraduate Students)** are loans made to the parents of a dependent student for educational purposes; financial need is based on the cost of education and other available aid for the family. Repayment begins immediately following the release to the school of the second half of the student loan (usually four to five months into the student’s program); payments are usually around $50 - $100 per month.

---

**TITLE IV RETURN policy**

A new regulation effective in October 2000 requires federal Title IV funds (grants as well as loans) to be returned by the school and the student if the student drops from their program of study. The school is required to determine the amount of return due according to the federal guidelines. In many cases, this will leave the student with a balance due to the school that is not covered by federal funds because they have been returned to the Department of Education.

**access TO RECORDS**

Students have the right to see any information in their file during regular school hours, by making an appointment with the Director of Admissions and Financial Aid. This right applies to parents per FERPA guidelines. Graduates must submit a written request for an appointment with the Director of Admissions and Financial Aid. Information from a student’s file will only be released upon written authorization from the student, or to parents per FERPA guidelines, or when the request is for legal or accreditation purposes. All transcript requests must be made in writing. Students may not receive a transcript if they have a tuition or fees balance due to the school. We do not publish any student directory information.

**COUNSELING**

Although we cannot guarantee placement as an incentive for a student to enroll, USCA offers placement assistance to its students. We maintain records, and post notices, for area salons looking for qualified stylists and technicians, and we will work toward placing graduates in the salon they prefer. Salon owners and managers are regularly scheduled to make presentations to our students, to demonstrate skills and speak about their salon’s career opportunities. Career counseling, as well as academic and individual counseling, is available to students. Students who would like accommodations are responsible for self-identification to the school Director of Operations. Students are responsible for obtaining special needs documentation from a professional who is qualified to assess their particular disability. The cost of the evaluation must be assumed by the student, not the post-secondary institution. Students at a post-secondary school are responsible for their own success. As reported in our most recent accreditation annual report, out of 112 students scheduled to graduate in 2020, 83 graduated within 150% of the scheduled course time, or 74%. Out of the 112 students scheduled to graduate in 2020, 29 students did not complete the program. A four-year average graduation rate for all USCA programs, 2017-2020 is 69%. Out of 81 graduates who took the exam in 2020, 77 passed, or 95%. A four-year average for 2017-2020, is 81%. The institution’s accrediting agency requires that any adjustments made to its student outcomes rates due to the COVID-19 pandemic must be disclosed. As student achievement at this institution has not been significantly impacted by the pandemic, the outcome rates reported do not reflect any such adjustments related to COVID-19.
ATTENDANCE policies

1. Absences or tardies should be called into the admissions office at least 30 minutes before your regular clock in time.

2. Students must clock in at the beginning and end of each school day. Students who do not clock in when they first arrive will only get credit from the time when they actually clock in. Students who leave and don’t clock out will only get credit up to their last scan. Students are required to clock in and out for their lunch break. Failure to clock out as well as in for lunch will result in a penalty of one clock hour for the day.

3. Students should be in attendance until their scheduled leave time. If a student needs to leave early, he/she must tell a teacher before 10:00am. Students may not leave if they are assigned a client or assigned duty, unless they have a Doctor’s excuse or special permission from the Director. No students are allowed to leave once sanitation is posted. Violations will result in extra tasks.

4. Medical leave of absence must be accompanied by a doctor’s note, and must state the expected start/end date and be a minimum of seven consecutive days.

5. Students who falsify time records will be suspended or expelled.

6. Students who are absent without notice to the business office for a period of two weeks will be subject to being dropped from school. Re-instatement or re-enrollment under this circumstance will be subject to the school’s policy on re-enrollment.

7. Students are allowed a grace period of absences (funerals, bereavement, sick, family emergency, weddings, etc.) equal to a maximum of 10% of the enrollment period. For example, the Cosmetology program is 1500 hours in length. If a student misses more than 150 hours, the student is considered to be over contract and will incur a charge of $200 a week for full time students or $100 for part time students for every additional week after their contract end date. Excessive absences may result in suspension or termination.

GRADING system

The grading system is based on an A-B-C-D-F system. A score of 93-100% is an A; 86-92% is a B; 77-85% is a C; 70-76% is a D; below 70% is an F. Theory grades are determined by averaging test results; Practical grades are determined by the number of clinic and practical tasks completed correctly in accordance with criteria set forth by the school, proportional to the number of weeks of attendance scheduled or number of hours earned. The passing grade for the final exam is 85%. Progress reports are maintained by the school and are reported to the students at regular intervals. A statement of hours earned is updated for each student at the end of each month.
According to BeautySchools.edu, the number of professional salon employees, 1.8 million, greatly outnumbers the number of lawyers across the United States today. The future for cosmetologists is looking very bright indeed, says the U.S. Bureau of Labor Statistics. The demand for cosmetologists is expected to grow by 16% between 2018 and 2028. This growth is expected to be the result of an increasing population, which will in turn lead to greater demand for the services of cosmetologists. The demand for hair coloring and other specialized hair services has increased in recent years, particularly among baby boomers trying to maintain a youthful appearance and young people seeking to remain fashionable. This trend will no doubt continue, leading to a favorable job outlook for cosmetologists.

Several programs at University of Spa & Cosmetology Arts are approved for federal veteran’s educational benefits in Illinois. These approvals require by federal law and regulations that veterans be fully informed of the school’s policies and practices in order that they can successfully complete the program of education they pursue. This Veterans Addendum does not replace, but supplements, the program catalog. Conflicts between the Veterans Addendum and the catalog should be reported to the school.

SATISFACTORY PROGRESS POLICY FOR VETERANS
The Satisfactory Progress Policy found in the Student Orientation Book and Catalog applies to all students who are receiving federal veterans’ education benefits (GI Bill), except that veterans must adhere to more stringent requirements as defined in this Addendum.

Evaluation Time Frames
The University of Spa & Cosmetology Arts will evaluate veterans for attendance and grades at the end of each month for all approved programs.

Attendance Progress
A student must maintain a 75% overall attendance average in order to be considered making satisfactory progress.

Academic Progress
The minimum grade average required, for theory and practical combined, is 70%.

Probation and Dismissal
The school will place students failing to meet either the attendance or the academic progress requirements on probation for a period of one month.

The school will reevaluate a student’s progress at the conclusion of the probationary period. If it is determined at this evaluation that the student is meeting both the attendance and academic progress requirements the student will no longer be on probation. Contrarily, if it is determined at this evaluation that the student is failing to meet either the attendance or academic progress requirements, University of Spa & Cosmetology Arts will dismiss the student from the school and academic program.

Beginning August 1, 2019, and despite any policy to the contrary, the educational institution named at the bottom of this form will not take any of the four following actions toward any student using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while their payment from the United States Department of Veterans Affairs is pending to the educational institution:
• Prevent their enrollment;
• Assess a late penalty fee to;
• Require they secure alternative or additional funding;
• Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:
• Produce the VA’s Certificate of Eligibility by the first day of class;
• Provide written request to be certified;
• Provide additional information needed to properly certify the enrollment as described in other institutional policies (see our VA School Certifying Official for all requirements).

STATEMENT ON ATTENDANCE FOR VA CERTIFICATION
The University of Spa & Cosmetology Arts will certify a veteran’s enrollment in an approved program to the United States Department of Veterans Affairs (USDVA). This certification, in part, requires the University of Spa & Cosmetology Arts to report to the USDVA the amount of clock hours per week a veteran will be in attendance. If a veteran fails to attend the certified amount of hours per week and this failure results in a change of pursuit as defined by the USDVA, the University of Spa & Cosmetology Arts must report this issue to the USDVA. This report may result in a lesser monthly payment from the USDVA to the veteran and possible overpayments from the USDVA to the veteran and the University of Spa & Cosmetology Arts. The University of Spa & Cosmetology Arts strongly advises veterans to pursue their training as specified in the Enrollment Contract.

CREDIT FOR PREVIOUS EDUCATION AND TRAINING
The school will grant veterans appropriate credit for previous education and training and proportionately shorten the length and cost of their program to match this award of credit. Veterans will be required to present appropriate documentation to receive credit for prior education and training. This policy applies to all programs offered by University of Spa & Cosmetology Arts.
